OFF-HOUR CREATIONS OF A FAMOUS STUDIO
 By FLORABEL MUIR

Burlington, Cal.
THE WALT DISNEY ORGANIZATION has done some very adult things in a preschool way. There is a chaotic freedom among the Disneyites that is a chaotic freedom among the Italian creatives. In a chaotic freedom such as Disney provides order. In an atmosphere such as Disney provides order doesn't seem to flourish things, and others that very serious and powerful things, and others that probably may be defined as traditional by-products of the Disney studio.

The private cocktail room of the Disney studio, with its gaily upholstered chairs in red leather and its antique bar flashing with crystal, is a riotously polychromatic expression of the rambunctious witfulness that keeps the Disney story dynamic and creative. Six Disney history continues to be made in off hours as well as in the laborious drudgery with which

HOW TO SHOP WITH WAR RATION BOOK TWO

... to Buy Canned, Bottled and Frozen Fruits and Vegetables; Dried Fruits, Juices and all Canned Soups

1. USE THIS RATION BOOK. You may use one or all of your family's ration books when you shop. You may not shop with loose ration stamps.

A, B, and C stamps are good in the first ration period.

2. USE BLUE STAMPS ONLY. All blue point stamps marked A, B, and C are good during the first ration period. They add up to 48 points for each member of the family.

3. THE NUMBERS SHOW POINTS. You will not be able to get "change" in point stamps, so save your low-value stamps for buying low-point foods.

4. LOOK AT THE POINT VALUES before you buy. Points have nothing to do with prices or quality. Point values will be the same in all stores.

5. GIVE THE STAMPS TO YOUR GROCER. Tear out stamps in the presence of your grocer—or tear them out in the presence of the delivery boy.

6. FRESH FRUITS AND VEGETABLES are not rationed. Use them instead of rationed foods whenever possible. Try out recipes that make your rations go further.

YOUR POINT ALLOWANCE MUST LAST FOR THE FULL RATION PERIOD

Plan How Many Points You Will Use Each Time Before You Shop

Teenager in the Shadow

I Was a Chubby Little High School Girl ...Now I'm a Popular Teen-age Model

Not so long ago, when I was 15—I was fat, with thick legs and an oversize waistline. Then, when I decided to become a model, I had to practically make myself over!

In changing myself from a girl who just slopped along to a girl who had to look her best at all times—I discovered plenty about good looks, grooming and personality.

Believe you me—those glamour routines really pay off! They did for me, and I guarantee that if you follow them they will make

you look prettier. And you'll have lots more fun, too. You'll find all the "know-how" in my new book, just published:

Betty Cornell's **TEEN-AGE POPULARITY GUIDE**
